CAPABILITY STATEMENT

About Triple "S" Energy Management, LLC

Triple "S" Energy was started on April 1, 2009 by Sandy Carpenter with the goal of offering businesses the opportunity of saving on their energy cost, which would include reducing the rate they pay for natural gas and generation, upgrading lighting to lower their overall energy cost, offering solar as a means of generating their own power and demand response by lowering power usage in exchange for compensation.

Mission

Triple "S" Energy's mission is committed to offering energy saving solutions to Commercial and Industrial accounts to reduce overall energy cost and increase revenue. Triple "S" Energy takes pride in delivering, trust, honesty, and transparency to companies seeking to become efficient by providing analysis and recommendations for Energy and Cost Savings. Triple "S" Energy has saved over \$4.2 million dollars since the date of inception.
